

## Creating a Rutgers NetID for NJIT students

Access to BlackBoard requires a Rutgers NetID. Please click on the following link to begin creating your NetID.

<https://pegasus.rutgers.edu/cgi-bin/makeacct>

Scroll your page down and click on the Accept button. Fill out the form with your social security number, date of birth. Make sure your account role is set at "Student." Click on "Create Account" button once you are done. In green, a message will display activation for your account.

Create your NetID and password. Please follow these requirements when inputting a password:

Passwords Requirements:

- 6-8 characters in length
- Include 3 character cases:
- Uppercase letter
- Lowercase letter
- Numerical Value

When prompted, be sure to create and answer three security questions. This will to ensure your account is fully functional and protected.

Email can be accessed from [webmail.newark.rutgers.edu](mailto:webmail.newark.rutgers.edu), and be sure to select Pegasus. Your email account will be available 15 minutes after you create it.

**It may take 24-48 hours after you create the account before you have access to BlackBoard.** BlackBoard can be accessed using your NetID and corresponding password. The BlackBoard website is <http://blackboard.rutgers.edu>

If you experience a problem with any one of these steps, please contact the Rutgers Help Desk on the first floor of Hill Hall, call at (973) 353 5083.
